## Reducing the Vulnerability of Azerbaijan s Agricultural Systems to Climate Change: Impact Assessment and Adaptation Options (Paperback)

By James E. Neumann, Brent Boehlert, Nicolas Ahouissoussi

World Bank Publications, United States, 2014. Paperback. Condition: New. New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Agriculture is one of the most climate-sensitive of all economic sectors. Azerbaijan is one of the many countries where the majority of the rural population depends on agriculture - directly or indirectly - for their livelihood. Further, changes in climate and their impacts on agricultural systems and rural economies are already evident throughout Europe and Central Asia. The risks associated with climate change therefore pose an immediate and fundamental problem in the country. Adaptation measures now in use in Azerbaijan, largely piecemeal efforts, will be insufficient to prevent impacts on agricultural production over the coming decades. As a result, there is growing interest at country and development partner levels to have a better understanding of the exposure, sensitivities, and impacts of climate change at the farm level, and to develop and prioritise adaptation measures to mitigate the adverse consequences. Beginning in 2009, the World Bank embarked on a programme for selected Eastern Europe and Central Asian (ECA) client countries to enhance their ability to mainstream climate change adaptation into agricultural policies, programmes, and investments. This multi-stage effort has included activities to...
