Product Description Safety should be the origin of thinking in the preparation and implementation of every task in life. Safety is a major concern throughout society, and something everyone is in continuing struggle to be aware and prevent. Safety is the state or condition of protection against physical, social, spiritual, financial, political, emotional, psychological, and educational consequential events, which are hazardous, and detrimental. Safety Manager: Trainee to Top Management will focus on the physical, occupational, educational areas in addition to the consequences of failure, damage, error, and accidents. Safety requires attention to detail and a clear understanding in the difference of a safe and...
