Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from India and Christian Opportunity The present volume is the twenty-seventh in a series of text-books prepared primarily for the use of voluntary mission study classes in the institutions for higher learning of the United States and Canada. This fact will account for certain typographical peculiarities and also for the material presented. A correspondence, extending over eight years, with leaders of such classes in more than six hundred institutions has determined the selection of a larger proportion of general information relating to the geography, ethnography, and religions of India than appears in the ordinary volume on that country. At the same time the facts that the Empire is occupied by toward a hundred Protestant missionary societies, representing various branches of the Church, and that the students enrolled in the classes also belong to some fifty denominations, have prevented more than the merest allusion to the work of any given society or Church. The reader must look elsewhere for particulars concerning the activities of his own society, if more information is desired than is found in the Appendixes. The author is under obligations to the literature referred to in the footnotes and in the brief bibliography of Appendix A., as well as to the larger number of volumes which he has made use of in a less direct way.
