While having a healthy and strong body is highly important as well, most of us would probably agree that our activities are more reliant on our cognitive abilities rather than our physical ones. Many people have computer-based jobs for instance, and this means that we need to use our brains to handle data, to manipulate software, or to come up with business strategies. Much of our success comes down to our ability to interact with others which is very much dependent on our intelligence and brain power. With Smarter Brain training guide you will learn the ways you can bring about tangible, measurable improvements in your life by focussing on ways to increase your IQ and your focus. Also you will learn how to: Become sharper, learn faster and how you can even improve your social IQ Increase your intelligence and focus to a profound degree Train your brain in just the same way that you would normally train your body Concentrate longer on tasks and get more work done Come up with unique ideas and novel solutions Improve your physical and sporting ability Impress anyone in a conversation Become better at any given task, from plumbing to computer games Become more self-sufficient and self-reliant And much more! This item ships from La Vergne,TN. Paperback.
