

Synergetic Theory of Life: Nature, Algorithm, Self-insight, Conscious Evolution

By Oraz Turkmen

Troubador Publishing. Hardback. Book Condition: new. BRAND NEW, Synergetic Theory of Life: Nature, Algorithm, Self-insight, Conscious Evolution, Oraz Turkmen, Synergetic Theory of Life looks at the evolutionary path of life on the Earth from its beginning until now. Life on Earth was not created, it was not brought in from outside, it was not a result of revealing the secret essences, but it is a phenomenon of self-organisation based on synergism of high-molecular compounds (polymers), proteins and nucleic acids. The book looks in depth at the intellectual evolution of Man, rather than the biological evolution. There is also an analysis of the contemporary issues in human civilization and the characteristics of the evolutionary crises that we are in today. There is a prediction of how these crises will affect life on Earth and suggestions of the solutions to save the future of life on Earth. Those solutions are the next and ultimate step in the evolutionary process of Man. Synergetic Theory of Life defines and analyses all of the above and suggests the future development direction of the human civilisation. This theory was created by the author and inspired by his vast knowledge and experience in various fields of science...
