Reviews

Very good e book and beneficial one. It can be filled with wisdom and knowledge Your life period is going to be enhance when you full reading this ebook.

(Arlene Kemmer)

SHAREPOINT 2010 AT WORK

O'Reilly Media. Paperback. Book Condition: New. Paperback. 268 pages. Dimensions: 9.1in. x 6.9in. x 0.9in. If you work with SharePoint, you may have discovered that there are countless tricks for using this platform to solve real-world problems and you certainly wouldn't mind learning some of them. That's the purpose behind EndUserSharePoint, a community site that lets end users share ingenious new ways for putting SharePoint to work. This insightful and entertaining book presents a compilation of popular, well-written articles from the site, published by contributors for people who use SharePoint at their companies but don't have access to its technical server side. Each engaging story puts you into the narrative as a participant, rather than a passive observer, so you can easily visualize the situation and share the aha! solution with the author. Learn some tricks, gain some insight and have fun doing it. These articles will help you: Build a documented framework for evaluating whether your company is getting the most value from SharePoint; Create documentation and script management with OneNote and a SharePoint library; Use the Data View Web Part to create hyperlinks from existing SharePoint data; Implement data visualization in SharePoint without access to the server; Creating document libraries with mixed content sources in any SharePoint version; Pull information from disparate site collections into a single navigation system. Contributors include: Sadalit Van Buren, Kerri Abraham, Jim Bob Howard, Marc D. Anderson, Laura Rogers, Waldek Mastykarz, Alexander Bautz, Dessie Lunsford, Eric Alexander, Peter Allen. What a fantastic resource. No other book in the SharePoint community hits this power user or end user audience like this book does. There are powerful examples in here that will really solve business problems and set the reader on the right track. Joel Oleson, Global SharePoint Evangelist, and one of the first SharePoint architects. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
