XXI CENTURY DICTATORSHIP IN BOLIVIA (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A summary of the iter criminis (path / process of crime), the destruction of democracy, the establishment of the dictatorship in Bolivia and its consequences. A description of the characteristics of the Evo Morales Government comprising the 21st century dictatorship in Bolivia and which, opposed to the essential elements of democracy established in the Inter-American Democratic Charter, they show that Bolivia is today a State without democracy, with persecuted, imprisoned and exiled politicians. The Dictatorship of the 21st Century in Bolivia is a great dissection of the type of Government created by Evo Morales and of the dictatorial nature of the State model that he has illegally segregated. As very well describes Carlos Sanchez Berzain - a remarkable politician and Bolivian political scientist, professor of Constitutional Law- under the supposedly democratic context in Bolivia, as in the entire perimeter of the Alba countries, an expression of the neo-communism has been entrenched. It is the largest number of totalitarianism which allows a world in which Marxism has lost all ideological benchmark credit. To understand what really happens in Bolivia, you have to read this short and forceful essay. Excellent! Carlos Alberto Montaner.
