Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Just like a great body, perfect skin seems to be on every one's wish list. What most don't realize is that applying a little cream isn't going to help reach that goal. Skin is the largest organ in the body. So large it is classified as its own bodily system: The Integumentary System. The average adult's skin weight eight to ten pounds and can be stretched over twenty square feet. Since this part of the body is so complex, the road to healthy skin requires complete balance of the mind, body, and soul. Changing the way you think, what you eat, and how active you are throughout the day. Healthy skin is obtainable for everyone. Despite age, race, or skin type there are things you can do to improve your skin. That youthful glow that makes skin look healthy is called radiance. It is most common for those in their teens, twenties, thirties and pregnant women. In order to keep skin radiant secretion must occur. Secretion is the production of sebum, or oil which...
