STRESS AND FREEDOM

[DOWNLOAD](#)

Polity Press. Paperback. Book Condition: new. BRAND NEW, Stress and Freedom, Peter Sloterdijk, In this short book Peter Sloterdijk offers a genealogy of the concept of freedom from Ancient Greece to the present day. This genealogy is part of a broader theory of the large political body, according to which Sloterdijk argues that political communities arise in response to a form of anxiety or stress. Through a highly original reading of Rousseau's late *Reveries of a Solitary Walker*, Sloterdijk shows that, for Rousseau, the modern subject emerges as a subject free of all stress, unburdened by the cares of the world. Most of modern philosophy, and above all German Idealism, is an attempt to reign back Rousseau's useless and anarchical subject and anchor it in the cares of the world, in the task of having to produce both the world and itself. In the light of this highly original account, Sloterdijk develops his own distinctive account of freedom, where freedom is conceptualized as the availability for the improbable. This important text, in which Sloterdijk develops his account of freedom and the modern subject, will be of great interest to students and scholars in philosophy and the humanities and to anyone interested in contemporary philosophy and critical theory.
