

Drawing Dimensions: A Shading Guide for Teachers and Students (Paperback)

By Holmes V Catherine

Library Tales Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Shading is one of the easiest ways of adding depth, contrast, character and movement to your drawings. By controlling pencil pressure and stroke, understanding light and having knowledge of blending techniques, an artist can enhance their work and offer the wow factor needed to produce photorealistic artworks. Drawing Dimensions - A Shading Guide for Teachers and Students offers a series of shading tutorials that are easy to understand and simple to follow, it goes beyond the standard step by step instruction to offer readers an in-depth look at a variety of shading techniques and their applications. Inside this book is a series of lessons designed to teach you how to add dimensions to your own drawings, how to analyze real life objects and shade, create highlights, blend tones and produce realistic drawings with ease. Other types of shading covered in this book include hatching, cross hatching and stippling techniques, you ll also learn how to use contrast to set a mood and create a focal point, at last - we ll put all of these skills to the test and work together to...
