By Alex Kava

G.P. Putnam s Sons, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Ryder Creed and his K9 search-and-rescue dogs return in the second installment of an exciting new series, teaming up once more with FBI profiler Maggie O Dell in their riskiest case yet. When Ryder Creed responds to a devastating mudslide in North Carolina, he knows that the difference between finding survivors and the dead is time. He and his sturdiest search-and-rescue dog, Bolo, get to work immediately, but the scene is rife with danger: continued rainfall prevents the rescue teams from stabilizing the land; toxic household substances spread by the crushing slide fill the area with hazardous waste; and the detritus and debris are treacherous for both man and dog to navigate. But most perilous are the secrets hidden under the mud and sludge--secrets someone would kill to protect. For this is no ordinary rescue mission. Among the buildings consumed by the landslide was a top-secret government research facility, and Creed has been hired to find what s left of it. Then rescuers recover the body of a scientist from the facility who was obviously dead before the landslide--killed by a gunshot to the head...
