Chapter 1 Introduction IBM We interviewed a number of experts, including a former Vice President ) Director, a former NSF for Research and National Science Foundation ( Executive Director of the Manufacturing Forum, a former Associate Director of the White House Office of Science and Technology Policy, the Director of the Special Projects Office for the Army Research Laboratory, and the former Chief Financial Officer for Apple Computer. We also conducted six teleconferences with company officials who were typically at the director level. We interviewed representatives of General Electric, Lucent Technologies ( formerly Bell Labs ), Dow Chemical, , and Microsoft Corporation. These companies spent IBM Eastman-Kodak, R and D from 5 billion to 800 million on in 1995. We chose companies having R and D among the largest total budgets, in terms of dollars spent, because we believed that their experiences would be the most relevant to the needs of the federal..
