## Globalisation for the Common Good (Paperback)

By Kamran Mofid

Shepherd-Walwyn (Publishers) Ltd, United Kingdom, 2003. Paperback. Condition: New. Language: English . Brand New Book. Today, despite many significant achievements in science, technology, medicine, transportation and communications, and a vast increase in world trade, the globalized world economy is facing serious socio-economic, political, cultural and environmental problems, of potentially catastrophic proportions. Although many attempts have been made by international organizations like the World Bank and IMF to raise living standards, the dire poverty of billions of people and the widening gap between rich and poor, both within and between countries, point to the failure of these policies. Consequently, we face global crises of inequality, injustice, poverty, marginalization, exclusion and environmental degradation. There has also been a huge rise in crime, corruption and now terrorism. Economic and political failures have resulted in mass migrations across national borders, causing further problems of xenophobia, fear, mistrust, racism and intolerance, which are threatening the fabric of societies all over the world. So, what has gone wrong? Dr Mofid, who has taught economics at university for over 20 years, argues that the root of the problem lies in the way economics is taught, with its narrow focus on self-interest and competition as the sole motivating...
