By Fidelia Nimmons

Createspace, United States, 2013. Paperback. Book Condition: New. Workbook. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a complete practise and revision mathematics book which covers requirements of the new national curriculum framework for mathematics for years 1 - 2 (September 2014). Extension activities from the Year 3 teaching and learning objectives are also included. It is ideal for use in school or at home. Parents and private tutors will find this book an invaluable all in one handbook ideal for working with a single child or more children. The book contains units for every area of mathematics corresponding to the Key Stage 1 mathematics curriculum including new areas like robot programming in geometry. Each unit contains key vocabulary through which learning objectives are presented using pictorial objects and representations and real life context application exercises appropriate to this age group. This book includes ample and varied exercises which support children in practising areas worked on in the unit. Quick check exercises which accompany each unit will help identify areas that have been grasped and those that need revisiting. A practice test paper is included at the back of the book to...

Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
