Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

SIMON SCHUSTER, United States, 2012. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Building on her bestseller, *The Intention Experiment*, Lynne McTaggart's groundbreaking work *The Bond* reveals the latest science to prove that we are all connected, that collaboration trumps competition, and that empathy is essential--now in paperback. **A BOLD NEW VISION FOR A NEW WORLD** Our way of life isn't working anymore. People are losing their jobs, their homes, their neighborhoods--and even their hope for a just society. We urgently need a new story to live by, based on fairness--not simply on the accumulation of wealth and survival of the fittest. *The Bond* offers a radical new blueprint for living a more harmonious, prosperous, and connected life. International bestselling author Lynne McTaggart demonstrates with hard science that we are living contrary to our true nature. In fact, life doesn't have to be I win, you lose; we have been designed to succeed and prosper when we work as part of a greater whole. *The Bond* proves that we are weak when we compete, and thrive only when we cooperate and connect deeply with each other. In this seminal book for our age, McTaggart also offers a complete program of practical tools and exercises to help you enjoy closer relationships--across even the deepest divides--encourage a more connected workplace, rebuild a united neighborhood, and become a powerful, global agent of change.
