Palgrave MacMillan, United Kingdom, 2017. Hardback. Condition: New. 1st ed. 2018. Language: English . Brand New Book. This book explores the experiences of Indigenous children and young adults around the world as they navigate the formal education system and wider society. Profiling a range of different communities and sociolinguistic contexts, this book examines the language ecologies of their local communities, schools and wider society and the approaches taken by these communities to maintain children s home languages. The authors examine such complex themes as curriculum, translanguaging, contact languages and language use as cultural practice. In doing so, this edited collection acts as a first step towards developing solutions which address the complexity of the issues facing these children and young people. It will appeal to students and scholars of sociolinguistics, applied linguistics and community development, as well as language professionals including teachers, curriculum developers, language planners and educators.
