## PARTNERS WITHIN: TWENTY-FIRST CENTURY PRAYER AND MEDITATION (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The personal partnerships of the Partners Within create the grounds to link the concepts of the me, to the you, and importantly, to the we, or all of humankind. Gaining a more inclusive sense of this whole is an evolving concept and a critical step to our future success. Throughout our prehistory, humanity was limited to the circles of trust that included families, tribes and religions. In more recent times, we have expanded our trust to include villagers, corporations, nations and the rule of law. Today, we need to continue to modernize our image of the whole of humanity in order to stabilize our relationship to our only home, the Planet Earth. With a global population destined to multiply to over nine billion by the middle of the 21st century, our species is testing the limits to the amount of natural resources we can consume. The accelerating global economic growth is creating an exponential demand for decent land, air, water and energy that could overwhelm supply and challenge our global reality. But the historical cycles of boom and bust need not be inevitable. All we need for sustainable growth is a global awareness of the fact that we are all equally responsible for our actions and that we need to be equally involved in our future. How we deal with these upcoming challenges will require a new global awareness of what is right for all of Earth's life. Our salvation and prosperity depends on it.
