Excerpt: . between green coffee merchants are usually for cash, the amount being based on a pro forma bill. Delivery of the purchase is effected by the transfer of warehouse receipts. Until the coffee has been graded and weighed, the true amount of the purchase cannot be determined. Hence, use is made of the pro forma invoice, in which the amount is based on the standard weight per bag and the grade is that named in the contract. The cash payment made is usually somewhat less than the amount so determined. When the true invoice is received, cash payment is made for the balance. To record spot purchases, a purchase register (Form 3) or creditors book, is used. Since the transaction is usually for cash, less 2 , and first payment is based on the pro forma invoice, with balance in 10 days, the use of three lines for each creditor and three money columns to record payment, causes this record to serve also as a subsidiary ledger. Entries in the record will usually show the debit for the initial cash payment several days before the credit appears, a few days being necessary to weigh and grade, and to receive the true invoice. At the end of the fiscal period, any open purchases on the register will be closed on the basis of the pro forma invoice, Purchases account being debited and Accounts Payable credited for the month s total. In the following month when the...
