Walker & Company, 2006. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Miyoko Chuis an ornithologist and staff science writer at the internationally recognized Cornell Laboratory of Ornithology. She is editor of the Lab'sBirdscopenewsletter and assistant editor ofLiving Birdmagazine. Chu earned a Ph.D. in integrative biology at the University of California, Berkeley, where she provided insights on the enigmatic migratory behavior of a southwestern bird, the phainopepla. She lives in Ithaca, New York, with her husband and two children. This is her first book. One of the world's most extraordinary wildlife migrations passes within hundred of feet of our own neighborhoods--the biannual night flights of millions of songbirds. By dawn, these colorful migrants descend to our backyards, urban parks, and forests, either to replenish themselves for the rest of their trip or to settle in for the summer and raise their young.Songbird Journeysis the first book devoted to songbird migration. Until recently, little was known about the lives of songbirds during their autumn and spring travels or in their winter habitats. Aided by modern technology, however, scientists have documented mass migrations over the Gulf of Mexico, identified the voices of migrants in the night sky, and showed how songbirds navigate using stars, polarized light, and magnetic fields. Miyoko Chu explores the intricacies underlying the ebb and flow of migration, the cycle of seasons, and the interconnectedness between distant places.Songbird Journeyspays homage to the wonder and beauty of songbirds while revealing the remarkable lives of migratory birds and the scientific quest to answer age-old questions about where songbirds go, how they get there, and what they do in the far-flung places they inhabit throughout the year. "Everyone interested in birds, and even people who know little about them, will enjoySongbird Journeysbecause it allows you to...
