ZED BOOKS LTD, United Kingdom, 2010. Paperback. Condition: New. With a New Afterword. Language: English . Brand New Book. The End of Certainty is a magical realist book on world politics. Stephen Chan takes the reader on a rollercoaster ride through how we can establish a new kind of international relations and construct a common future for the planet. Chan argues that the certainties of singular traditions of philosophy have failed to help us understand power shifts and struggles in an endlessly diverse world. Chan argues that fusing different strands of Western, Eastern, religious and philosophical thought, is far more likely to help us move forward amidst uncertainty. In doing so, he takes us on a journey from the battlefields of Eritrea to the Twin Towers, via the Book of Job, Clausewitz, Fanon and Wahabism. You ll never think about international politics in quite the same way again.
