Excerpt: . . . Future Rules (e. g. , rules that come out of the Contaminant Candidate List and Unregulated Contaminant Monitoring Regulation): OGWDW is working with the Association of State Drinking Water Administrators (ASDWA)-EPA Data Management Steering Committee to propose a set of criteria for information requirements steps and reporting requirements to guide future regulation development. OGWDW is also considering the option of bundling effective dates and reporting requirements. Using this approach, OGWDW would pick an initial date to implement a regulation and a subsequent date for reporting to begin, allowing an appropriate readiness period for states and systems. If a regulation were not ready by that date (i. e. , a final rule had not been promulgated), then it would not be effective until the next annual implementation date (e. g. , Jan. 1 of each year), with the appropriate readiness period already considered. OGWDW will be evaluating the advantages and disadvantages of such an approach before making decisions about whether or not to implement...

Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
