Reviews

An extremely wonderful ebook with lucid and perfect explanations. I was able to comprehend almost everything using this composed e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1907 Excerpt: . . . law to take its natural course for the benefit of a world of people, even as it has done in these United States for the people of the United States Of course, it means for us the loss of some of our so-called infant industries. Infant! It is very evident that these industries are sturdy and strong to-day, else how could we compete with European markets to the extent of 700, 000, 000 Why should we not welcome any influence which, working quietly so as not to greatly disturb existing business conditions, will enable Americans, Italians, Germans, Frenchmen, all people in whatever part of the globe they live, to become equal sharers in nature's bountiful gifts developed by the ingenuity of man in any part of the world Today we do not all share alike. We in the United States have foolishly placed a barrier about ourselves, thus saying in effect that we do not care to be benefited. A little way back we spoke of the beneficial effect on the manufacturing of steel rails of the employment of a chemist in the great works at Pittsburg, enabling the American furnace to turn out a product equal in quality with that of European furnaces and which undersells the product of the European manufacturer in his own market. The barrier that we have placed about us prevents us in this country from benefiting by that cheapening process, for we pay 8 a ton more for steel...
