paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Language: Chinese Publisher: Chemical Industry Press. Cheng Bei edited process instrumentation integration tutorial is a practical teaching, practice. learn the integration of teaching materials, process instrumentation objects, organized approach to the preparation of the project + tasks. Project to the specific operation process of a process parameter measurement lines, each project by the number of decomposition task, each task is broken down into several sub-tasks, and were introduced to the basic principles of detection of the relevant process parameters, sensors, detection instrumentation and application of knowledge. Process instrumentation integration tutorial a total of eight projects, including process instrumentation based on the application of temperature measuring instruments, pressure measuring instruments, flow measuring instruments, measurement instruments application, the application of other measurement instruments, show the use of instrumentation and data acquisition and processing and instrumentation maintenance work skills identification. The principle of the various types of process instrumentation in chemical, power, steel, cement and other industries included in the project, structure, installation, use, calibration, maintenance of knowledge, new instrumentation knowledge and detection instrumentation types of work vocational skills identification of the content. This book can be used as a vocational college automation professional process instrumentation, chemical measurements and instrumentation, thermal instrumentation and maintenance, sensors and detection technology courses specialized course materials, but also as an industry technical staff appraisal of vocational skills training materials, also available for the reference of related engineering and technical personnel to learn. Four Satisfaction guaranteed, or money back.
