MIXED CULTIVATION OF EUGLENA GRACILIS AND CHLORELLA SOROKINIANA

Mixed Cultivation of
Euglena Gracilis and
Chlorella Sorokiniana

A method of production of single cell
protein/vitamins rich algae biomass in large scale

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A method of production of single cell protein/vitamins rich algae biomass in large scale | Mixed culture of Chlorella sorokiniana and Euglena gracilis was compared with their monocultures under photoautotropic, mixotrophic and heterotrophic conditions. The cell density, final cell concentration, and yield from glucose consumed were compared. The data were subjected to analysis of variance (ANOVA) and was used to compared the means. The Analysis of variance showed that in a mixed...
