Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Apathy indifference to public affairs only results in the tyranny of evil. Today, our world is being hijacked by a relatively small group of globalist elites who want us to think they are all-powerful and larger than life. In reality, like the Wizard of OZ, they are nothing more than pathetic little con men and frauds. They control events and trends through their puppets which they manipulate using various levers of power. They especially use the highly controlled mainstream media which they own and control in order to propagate their deceptive message with all its intimidating special effects for social engineering. Their secret plans are seeking to force a New World Order onto the entire planet and they are very close to completing their goals. You can avoid reality, but you cannot avoid the consequences of reality. It is becoming increasingly difficult to avoid the storm clouds that are surrounding us all. Like it or not, we cannot run and hide from the current events of our day. In this up to date book, the author exposes the shadowy figures behind the NWO. Once the metaphorical curtain is pulled back, it quickly becomes clear to all good people how devious the elite and their plans really are and how sane people can and must stop the madness before it is too late. 2017 will be a critical year. Here you will find a brief history of the NWO, its main organizations, strategies, and goals. You will learn how together we can stop the little wizards in their tracks and turn things around to make this world a better place. You will never be in the dark again! This book...
