AUTHORHOUSE, United States, 2016. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book of knowledge is written as a source of awareness to the various cultures in the world and how their beliefs influence the lives of the groups within that culture and its environments. This book makes us aware that the world is a place of multi-cultural society; where everyone needs to understand the environment in which they live. This book is a material that promotes; that natural wisdom of -know how- in times when needed. This book can be used as quick referencing guides to information that may become or seem like puzzles in the human minds; in the field of general knowledge and of wisdom at relevant times. This book is written with intent to share wisdom, knowledge and information on world cultural heritage; how culture and environment affect our behaviours and thoughts; how people talk to each other and the mental reasoning that go along with it. This book is to enlighten the awareness of everyone and anyone; knowing that there is someone out there that knows more than they do; no matter what the status in education or otherwise, their acquisition may have been. It is my passionate expectation that this book will educate, implant knowledge and wisdom to anyone that will read it; believing that they know it all.
