To hold on to them, he keeps his head down and plays by the rules. When the perfect human being, Galahad, escapes from Pioneer Laboratories, the illusory peace between humans and their derivatives--the in vitros, clones, and mutants--collapses into social upheaval. The abominations, deformed and distorted mirrors of humanity, created unintentionally in Pioneer Labs search for perfection, descend upon Washington D. C. The first era of the Genetic Revolution was peaceful. The second is headed for open war. Although the genetic future of the human race pivots on Galahad, Danyael does not feel compelled to get involved and risk his cover of anonymity, until he finds out that the perfect human being looks just like him.
