Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What are people missing? Has a moral-cultural-political shift suddenly occurred where the public now approves of presidential use of bully tactics, quoting alternate facts (lies) and suppressing information? Our President appears to have declared war on Congress, the media, judges, traditional politicians, and maybe even the American people! Prior to being elected, Trump promised that he would tell the truth to the people but is that truth objective or his version of it? What would be his motivation in misrepresenting the truth? Our president says that he admires Vladimir Putin, a Communist, but why? Are we in the middle of a quiet revolution? Did you know that World War II Germany was a democracy prior to the sudden rise of a powerful authoritarian leader? With terrorism, having become a frightening enemy of the United States, many fear that while seeking a presidential HERO for protection and change, we may have created our own homegrown terrorist. This is the first book in his Trump on Trial series by experienced trial lawyer Dennis Kroeker JD. Get yourself ready for the next book, Trump on Trial: The Presidential Upheaval.
