Baen Books, United States, 2003. Book. Book Condition: New. 172 x 106 mm. Language: English . Brand New Book. If you read his curriculum vitae, you might think this private eye of the future is a Saint, and swear that he's honest, paying for what he gets, getting what he's paid for, with somehow a little extra for everybody to go around. Take the case of the teleported scientist who suddenly has a hole in his memory and a bigger hole in his bank account, emptied by someone answering to his own description. Then there's the just-discovered Martian ruin which a greedy corporation wants to bulldoze over. Not to mention gangsters who have an old grudge against the Knight and make the mistake of trying to get even. But whenever the Knight is in action, somehow the Bad Guys never know what hits them.
