Her ability to see into the future reveals visions of running carelessly into a world of the unknown. However, they have long been marred by the claws of a white wolf taking over her very being. And after meeting her new classmate, she knows why. Teagan, a Wolf Hunter, has been following the tracks of a murderous werewolf who is on the hunt for a mate but not just anyone. He must find a Soul Mate; a woman bearing the mark of the triple moon. Summer's new friend will be forced to reveal to her that the gift is also a curse. Though Teagan tries to protect her, Summer becomes infected and starts the process of becoming a werewolf as destined. Only she also passes the curse onto her boyfriend, Dallin. With the help of his uncle, Teagan must search night and day to find her mystery wolf. Doing so, he grows closer to the girl he chose to protect and must resist the urge to also fall for the changing Soul Mate. In this five part series Teagan will do everything he can to ensure Summer's safety even if it means allowing the werewolf to evade him. The Blue Moon Series is sure to keep you entertained with the love story of the hunter and the hunted. But it will also make you wonder if once in a blue moon, another potential werewolf is born.
