THE STATE OF NONPROFIT AMERICA

Brookings Institution Press and the Aspen Institute. Paperback. Book Condition: New. Paperback. 563 pages. Dimensions: 9.2in. x 6.2in. x 1.2in. The thousands of organizations that comprise Americas private nonprofit sector represent a national treasure. Yet serious pressures are altering the playing field on which nonprofits operate, and many are responding in ways that may undermine their popular support. Despite the significance of these developments, little has been done to analyze and interpret them in a clear and understandable way. Lester M. Salamon, a leading authority on the nonprofit sector, has joined forces with more than a dozen other experts and the Aspen Institute to produce this volume, an integrated, authoritative assessment of the state of nonprofit America and the key trends affecting its evolution. The book is organized into three sections. The first summarizes critical trends and issues; the second examines each of the sectors major subsectors (e. g. , health, education, social services, arts and culture, international assistance, advocacy); the third focuses on major cross-cutting trends and issues (commercialization, changing government policy, accountability, and demographic and technological imperatives). The Resilient Sector will be updated every two years. It provides a basic sourcebook for sector leaders, the press, public officials, and citizens concerned about the future of Americas nonprofit sector and eager to understand the forces affecting it. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
