Why is baseball being played on the other side of our galaxy? How can love flourish within a society that measures its history in minutes? BLACK CATS AND BLUE BIRDS is a collection of the most inventive short fiction to hit bookstores within recent memory. Readers will be swept away on a frantic roller coaster ride that will test both their imagination and their emotions. Although serendipitous in nature, the sixteen tales each contain a tidbit of truth that reflects the fragile nature of the human condition. The power of fable has rarely been put to better use.
