HarperCollins Publishers, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Short, fun and sometimes absurd short stories communicate a mix of subjects in an entertaining way. The comics make learning more accessible to children who struggle with lots of text, with dyslexia, autism, ADHD . or those who are simply bored with homework and find this presentation more engaging. \* Colourful comic strips transform specific areas of the curriculum into varied stories and dialogues\* Short stories are genuinely fun in themselves so children see a comic before they see learning\* Key information and study notes are colour coded to make them distinct from the dialogue, making them easier to remember\* A variety of subjects are used in a variety of learning contexts.
