## SPACE AND GEOMETRY (PAPERBACK)

Dover Publications Inc., United States, 2004. Paperback Condition: New. Language: English . Brand New Book. These three essays by an eminent philosopher and scientist were written originally for The Monist and appeared in that magazine between 1901 and 1903. They explore the nature, origin, and development of our concepts of space from the points of view of the senses, history, and physics. Most books on the foundations of geometry emphasize only a single perspective -- that of logic, epistemology, psychology,...

*A whole new e book with a brand new point of view. I could possibly comprehend every thing using this written e book. Its been written in an extremely simple way which is only soon after i finished reading through this ebook by which actually modified me, change the way in my opinion.*

-- **Marcia McDermott**

*Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).*
