

Basic Drawing: How to Draw What You See (Hardback)

Filesize: 1.02 MB

Reviews

Absolutely essential go through pdf. Indeed, it really is play, continue to an interesting and amazing literature. You will not truly feel monotony at at any time of your time (that's what catalogues are for concerning if you question me).
(Julia Mohr II)

BASIC DRAWING: HOW TO DRAW WHAT YOU SEE (HARDBACK)

The Crowood Press Ltd, United Kingdom, 2011. Hardback. Condition: New. Language: English . Brand New Book. Drawing, the most basic of the visual arts, is often seen as a natural ability, but it can be learnt. Working from observation in pencil, pen or charcoal helps you to see clearly, increases your visual awareness and enhances your ability to design in two dimensions. The New English Art Club, an exhibiting society with a 125 year history, runs a school of drawing in which it tries to keep alive the tradition of working from life, which used to be taught in all art schools but is now almost extinct. Charles Williams Cert. RAS RWS NEAC, the current curator, brings together exercises, illustrations, demonstrations and, above all, the attitude to drawing of the NEAC Drawing School in one comprehensive book. Williams links nineteenth-century artists and thinkers like Walter Sickert and John Ruskin with contemporary writers like Betty Edwards in an attempt to show that to draw is to be a part of a great, living tradition that the contemporary world of photography and digital technology will never eclipse. Key Selling Points * NEAC imprimatur * Close photographed demos/process * 130+ black and white and colour illustrations * Clear design * Sketchbook sized, convenient, recognisable. * Tips, hints and examples from practising professional artists * Professional, manual -style presentation.
