LIVING BIOTENSEGRITY

Kiener Verlag Mai 2016, 2016. Taschenbuch. Condition: Neu. Neuware - This book provides a detailed look at the structural principles of biotensegrity and the relevance it may have for the architecture of living structures. The author, Danièle-Claude Martin, begins with fundamental thoughts on the integrative mechanics of the human body and progresses to a theoretical framework of biotensegrity that can be useful for both body therapists and movement practitioners. Readers will also find discussions of key concepts in biotensegrity that...

Reviews

It is in a single of the best pdf. Of course, it can be enjoy, still an amazing and interesting literature. I discovered this publication from my i and dad encouraged this pdf to learn.

-- **Baron Steuber**

This pdf is really gripping and fascinating. It is actually full of knowledge and wisdom I am just delighted to tell you that this is the very best pdf i have got study during my very own daily life and might be the finest pdf for actually.
