PRACTICAL PEDIATRICS: A MANUAL OF THE MEDICAL AND SURGICAL DISEASES OF INFANCY AND CHILDHOOD (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Practical Pediatrics: A Manual of the Medical and Surgical Diseases of Infancy and Childhood There is, to my knowledge, no book on pediatrics which presents in so small a space such an abundance Of practical and clinical material, pathological and bacteriological data, and de tails of etiology and diagnosis as the volume in question. The author has rightfully avoided the introduction of super?uous material, such as elaborate descriptions or illustrations of baby nursing-bottles, family scales, silver baby-spoons, classical weight curves, theoretical diet lists, ultrapedantic cooking recipes, etc. Furthermore, instead of rehearsing threadbare descriptions of the typical course of diseases, he has laid especial emphasis upon the numerous deviations from the type which so often baf?e the skill of the general practitioner. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
