Brand New Book. \*First books to be translated into English by award-winning Belgian author/illustrator \*Endearing characters in everyday situations make these books perfect for early readers \*Distinct illustration style underpinned by a humanist sensibility This delightful series of picture books expresses the humour, frustrations and profundities of the parent/child relationship through two endearing insects, Poka and Mia. Despite their multiple limbs and cellophane wings, children and adults alike will immediately identify with Poka and Mia and the situations they find themselves in, making these books ideal for children learning to read.
