Brand New Book ***** Print on Demand *****.Excerpt from Consumption Its Nature, Prevention, and Hom opathic Treatment There are, I am confident, several conditions in which tubercle may exist in the lung, and yet be capable of complete removal when treated hom opathically - cases I have often met with in very truth - in which the constitutional and local disease entirely disappears, the signs and Symptoms vanish, and the patient s health is permanently restored; notwithstanding the peculiar and somewhat singular characteristic of tubercle is its appearance in successive deposits, yet, with the extension of hom opathic knowledge, I believe such desirable results may be achieved in each known region of the earth where phthisis exists. The correct mode of proceeding should involve a due consideration of both the mental and physical constitution of the individual case - the particular origin of the disease - the precise type and totality of the reflected symptoms - and the condition of the vital powers; a single well-chosen medicament is then occasionally sufficient to restore the patient s health. In comparing the symptoms, the adviser should...
