Ciss, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Can you imagine playing basketball without a hoop? Or soccer without goal posts? How about tennis without a net? Ridiculous, right? There has to be a point to the game, a way to keep score towards an ultimate victory! How much more important is it to have a point to your life? An ultimate victory for you to reach in your time on this planet? Most of us live by accident, allowing others around us to decide the ultimate direction of our lives - bosses, family members, friends. How foolish is it to put our very lives into the hands of others to have them decide where we go, what we do, and how successful we are. By not choosing our own path on purpose, we are putting our lives into the hands of others who do have plans. Setting - and reaching - goals is not just for the elite few; those with money, those with connections, those with resources. Anyone - even a humble school teacher - can reach extraordinary highs and achieve fabulous goals, simply by setting our sites on a target and then following the steps to get there. No matter where you re starting from, you can take one small step towards an ultimate goal. And then another. And then another. Until you re someplace you wanted to be all along. This book will show you how to do just that. Follow the steps, watch what the author did and how things serendipitously fell into place just by him keeping his eyes on the prize.
