Adaptive FLS for Bandwidth  
Analysis & Allocation for  
Cognitive Radios  
A Novel Approach of Spectrum Management

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A Novel Approach of Spectrum Management | Cognitive radio (CR) is a kind of wireless communication wherein a transceiver can intelligently sense the vacant and occupied communication channels and promptly move into vacant channels while staying off occupied ones. This enables the optimum use of available Radio-Frequency (RF) spectrum whereas avoiding the interference to other users. Cognitive radio is a key technology that came up with the solution of the problem of...
