TABOO TABERNACLE: GOD S DESIGN THE CULTURES DEMISE, ONE MAN S JOURNEY FROM THE SECULAR TO THE SACRED (PAPERBACK)

iUniverse, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. At the end of the day, Taboo Tabernacle isn t just about taboo topics like sex, drugs, rock n roll, religion, politics, faith, witchcraft, and cannabis. It isn t even about science, math, history, medicine, justice or apologetics; although, there is much of that in it. It s about connecting people to Christ in a way that can not only surprise them, but can electrify them. From the depths of space to the lowest sub-atomic particle in the human body, the sustainers fingerprint is everywhere. I want to help people get so excited about God s amazing love that they can t stop talking about it. From the balanced believer to the super secularist, I believe that all people suffer from false presuppositions about life and the way things are at one point or another. Whether it s from the way we were raised, something traumatic that happened to us growing up, or perhaps it is simply the default consensus opinion of the culture we are currently in; we all have presuppositions, some true and some false. I would like all of us to start breaking down the man made walls of false presupposition that separate us today, and replace them with bridges of truth and understanding from a biblical worldview that makes sense in both the physical world and spiritual realm. Get ready to look at life through a whole new lens.
