Methoden wie SWOT, PESTE, und Wachstumsstrategien unter anderen werden ertert und formen ein komplettes Bild ber den Zustand und die Zukunftsaussichten. In der Tat ist das untersuchte hightech Unternehmen hochinnovativ und top Performer. , abstract: The strategic review of EMPO-NI identifies EMPO-NIs todays situation in the market place and provides in its last chapter recommendations for further actions and spots potential difficulties in the further development of this young company. EMPO-NI started in 2006 to develop products in the field of regenerative off-grid power supplies, e. g. focussing on charging batteries out of solar energy. As reflected in the mission and vision statement the company, recognized as highly innovative company and sponsored by the Ministry of Research and Development in Germany, develops basic technologies for the next generation Thin Film solar panels and emerging applications like Electrical vehicles. The two new products and technologies to make inexpensive Thin Film solar panels applicable for off-grid markets and to develop a Private E-bike refuelling station that collects a days sun energy in a standard battery and transfers it during parking time of the E-Bike into the bikes Lilon storage are the current highlights of EMPO-NI. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
