In service to Themis, the blind Goddess of Law and Order, as her herald and champion on the planet, Aaron is charged with administering even-handed justice to king and commoner alike, to ensure that anarchy and chaos do not come to rule Niph. All men ultimately answer to Justice Evron for their crimes. It is a task that he performs with deadly efficiency and a virtual lack of compassion. But such power and responsibility come with a terrible price. Aaron must fight a near constant battle against a debilitating Blackness of the mind inflicted upon him by the Demon Alaset, who has a design to manipulate the Arbiter into serving him. This conflict threatens to take his sanity and destroy everything that he loves, including his relationship with the one woman that he treasures above all others, and the only one able to provide him with a measure of peace and happiness. When mysterious twin infants are given into his care and protection by a magician thought long dead after Niph is invaded by the warlike Rill, Aaron will begin a perilous journey that will force him to choose between saving Niph, or the woman that he is forever and tragically fated to love. But only if Alaset does not defeat him first. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
