

Scientific Method in Education (Classic Reprint) (Paperback)

By Ella Flagg Young

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Scientific Method in Education Education has always recognized the fact that the past is involved in a cultivated present; the mistake has been that it has considered information about the past rather than activity in the progress of the past as fundamental. The lesson taught by evolution - that life is movement, not rest - has been interpreted as meaning movement in a fixed stage of development, not as movement from simple to complex conditions. With this understanding the theory of the social environment as the true stimulus for consciousness has resulted in the attempt to project the life of the child into a social, ethical, and civil environment which is simply a reduced copy of the life of the present century. This withholds from him those simpler modes of activity which would be the stimuli adapted for the early years of life. For example, it begins the work in manual training with the perfected tools and exact geometrical designs of the skilled mechanic, and so in that development which should be progressive from the early years - as soon...
