Brand New Book ***** Print on Demand *****.In the distant future, a classified military black project creates the first-ever time machine. A triumph for humanity? Only the maiden voyage will tell. A not-so-special agent with nothing to lose and a somewhat brilliantish historian are sent back through time, to an age forgotten by recorded history, when ruled the law of the warrior and the might of the sword. This daring mission will disturb the balance of the universe and the fabric of space-time will be torn in the peaceful and full of epic-fantasy cliches world of Thorheim when a Threshold opens to a world of ruthless monsters. The two time-travelers will suddenly find themselves in the midst of events that left a deep mark in human history yet were never recorded. Dark plots and conspiracies, bravery and treachery, in mankind s most crucial moment compose an epic of relentless battle with steel and sorcery as humanity fights for its very survival; and somewhere within this maelstrom of epicness, there s also a chipmunk that can speak and fourth wall-demolishing humor. Thus the battle for Thorheim begins!.
