"A year of revelations internally, of knowing yourself better and of shaping your outer world to reflect your inner one. A time of joy from shared values and shared experiences, with new friendships that can enhance your life and show you new ways of thinking. A wonderful year for communicating and distributing ideas; you can become an intellectual leader or a trend setting trail balzer in a world full of uncertainty. Scorpio are not sitting still, you are the people of tomorrow with your finger on the pulse. This is an exceptional time for using the law of attraction: positive thoughts and internal attitudes become positive realities which bring your confidence levels up and further inspire you. As you see things in your life taking shape and moving forward you will become happier and more contented and this aids all your relationships and also your sense of inner ease. Scorpio are a sign that suffer emotionally in that your often turbulent and fiery emotions play havoc with your nerves or digestive health; however this year a great amount of inner peace aids general health and vitality which is great news. This year is exciting on the mental plane and you can be very influential. This is a productive and busy year that is both varied, exciting and nerve wracking. There may not be radical change, but there can be loads of little changes which add up to an exciting and dynamic year."
