Summary: "Russo is so insightful, so psychologically acute and compassionate that she held me rapt for the whole book. They're Your Parents, Too! is the first book of it's kind I have ever read and I am extremely grateful to Russo for giving us her wisdom and the help of the experts whose voices guide us through what is an extremely difficult passage for us all." This is a manual that shows us how to negotiate a healing path through our parents' final challenge, and prepares us for our own." David Richo, PhD., author of When the Past is Present and How To Be An Adult "This book by Francine Russo will be enormously helpful to siblings struggling with the many challenges posed as their parents grow older." Robert N. Butler, M.D. President and CEO, International Longevity Center, Founding director of the National Institute on Aging "Interesting, relevant, insightful! Anyone who reads this book will find something that opens a window to new thinking about..."
