Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Announcement of Summer Courses: Eighth Year; July 7, 1902-August 15, 1902 Si. The aim of this course is to lead the student to view society as a vast and complex organism, to study in a general way its structure and functions, and to see the relation of education to the other great divisions of social activity. Some of the chief topics treated are The need of a social science, especially from the teacher s point of View. Preparation for such a science. The school a social institution. The organic concept of society. In what sense may the school be called an organism? The physical environment of society. Importance of the sociological point of view in the teaching of geography. Classification of the population according to race, sex, age, type of mind, etcf The family as the primary social group, its history, functions, and pathology. Social aggregates. The school as a social communicating apparatus. Its relation to the other communicating channels, as the press, public platform, etc. Social psychology. Social reforms. Care of the abnormal, dependent, and delinquent classes, with special reference...
