

## Novel Pyrazole Derivatives: Part I

By Dhongade-Desai, Savita / Kapase, Valmik

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Pyrazoles represent one of the most active classes of compounds possessing wide Spectrum of biological activities, hence have a long history of applications in agrochemicals and pharmaceutical industry as herbicides and active pharmaceuticals. Microwave irradiation as an unconventional energy source offers reduced chemical reaction times from hours to minutes, reduced side reactions, increased yield and improved reproducibility. Multi-component reactions under microwave irradiation often create complete and complex molecular products in a single synthetic step. The work has been a continuation of our work from the series of three books comprising of synthesis and QSAR study of Pyrimidine derivatives, Pyrimidines fused with heterocyclic rings and Quinazolines. This fourth book entitled "Novel Pyrazole derivatives: Part I: Literature Survey of Pyrazoles and Microwave Assisted Organic Synthesis" comprises of the literature Survey of pyrazoles and that of Microwave Assisted Organic Synthesis. The content in the books is highly significant for the researchers and students of synthetic organic, heterocyclic, pharmaceutical & medicinal chemistry. | Format: Paperback | Language/Sprache: english | 76 pp.

### Reviews

*This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*These kinds of publication is everything and made me hunting ahead of time and more. I have got read through and i also am confident that i am going to gonna study yet again yet again later on. Its been printed in an extremely basic way in fact it is only after i finished reading this pdf in which in fact transformed me, alter the way i believe.*
